Dark Skies

Posted on May 2, 2012 - 10:13pm

Voluntary improvements in down-lighting, adding switches to night lights, and awareness of light intrusion on others was to be the focus of this group – no meetings were held; however, it did lead to the Night Skies over Waverly suggestion.

State Stewardship Trust applications

Posted on May 2, 2012 - 10:09pm

State Stewardship Trust applications for Sections 16 and 36 (often called school sections) were submitted in 2011 to reduce the likelihood of their being sold for development rather than providing grass for area producers and other values for the community. The State Land Board thanked us for the applications but approval was denied.

Net Zero Committee

Posted on May 2, 2012 - 10:07pm

This committee was to provide information to Waverly residents about ways they could increase the energy efficiency of their homes through energy audits, use during non-peak rate times, etc. as well as explore possibilities for a community based energy generation project. Any resident's participation would be strictly voluntary. The committee was discontinued due to insufficient interest among committee members at this time.
